REFERENCE No 28/09/2022-5

I hereby confirm that Antonii Zhilkin, date of birth: August 17, 2001, has been a Vice-Chair of the Steering Committee since May 2022 in Jean Monnet Module - The EPPO and EU law: a step forward in integration.

The project aims to provide EU citizens with a deep introductory insight into the European Public Prosecutor's Office (the EPPO) through dialogue between prosecutors, law enforcement officers, EU officers, practitioners, academics, students and the general public. It is a 48-hours-per-year teaching programme concentrated on this new EU body, emphasising its role in the EU dimension against the background of the intertwining of its competencies with national ones, without any limiting focus on a national system or another.

The grant project is divided into three annual cycles. Each cycle includes lectures and seminars given by legal scholars, practitioners and law enforcement officers. Please, find attached the description of the 1st cycle programme. During this cycle, Antonii Zhilkin was responsible for organising and editing educational materials and communicating with attendees of the Module. In May 2022 Antonii was promoted to Vice-Chair of the Steering Committee as he demonstrated outstanding organisational skills.

The programme for the 2nd cycle for the year 2023 is currently under development. Moreover, it is Antonii's responsibility to arrange this programme and negotiate it with potential speakers and other involved parties, e.g. representatives of Italian secondary schools.

Additional challenges for the EPPO's mandate stem from the relationship between the Office and non-participating Member States, on the one hand, and justice institutions in third countries, on the other. This fragmentation will tend to make the EPPO's tasks more complex and more difficult to fulfil for cross-border cases that involve suspects from these countries.

The COVID-19 pandemic has given an extra impetus to digitalization efforts.

The EPPO will endeavour to be actively involved in the main strategic EU initiatives in this area, notably the revised 2019 Commission's Anti-Fraud Strategy (CAFS).

Europol supports the EU Member States in their fight against terrorism, cybercrime and other serious and organized forms of crime.

To achieve its objectives, the EPPO will need to establish effective cooperation with its key partners. At the EU level, close cooperation with Europol, OLAF and Eurojust in particular remains essential for ensuring that the scope of investigations into offences affecting the Union's budget is comprehensive, and that the new institutional design for the fight against fraud is fully effective.

4th April 2023 | 16:30-18:30 | edificio U6 – aula 02

The EPPO and banking supervisory authorities

In the European arena, the EPPO will have to develop links with banking supervisory authorities, which have a long-standing tradition of cooperation with judicial authorities. In the EU supervisory banking authorities play an important role to provide information and where appropriate technical expertise to national prosecutors. Such a role is supported by various provisions in the banking and anti-money laundering EU and national legislative framework. In this context, Banca d'Italia has a long-standing tradition for cooperation with judicial authorities. The presentation will illustrate the

grounds for cooperation between supervisory authorities and criminal prosecutors and how such cooperation developed and supported by the European legislative framework. It is expected that EPPO will have to establish similar links with supervisory authorities.

Participants: Benedetta Ubertazzi; Graziano Grasso; Daniele Luison.

5th April 2023 | 16:30-18:30 | edificio U6 – aula 01-e

The EPPO working arrangements with the European Court of Auditors (ECA) and the Italian General Prosecutor's Office of the Court of Auditors ("Procura Generale presso la Corte dei conti")

The EPPO signed a working arrangement on 3 September 2021 with the ECA. The EPPO and the ECA share a common interest in maximising efficiency in the fight against fraud, corruption and any other criminal damage to the EU's financial interests, and in avoiding the duplication of effort wherever possible. This arrangement outlines the conditions for the close cooperation by which this can occur, in full respect of the respective mandates of the EPPO and the Court.

The EPPO signed a working arrangement on 13 September 2021 with the Italian General Prosecutor's Office of the Court of Auditors aiming to provide a structured framework for cooperation and to establish and maintain a cooperative relationship between them.
