The next World Gastroenterology Organisation (WGO) International Conference, Gastro 2018—WGO/GAT International Conference: Global Perspectives in Gastroenterology, will be held in partnership with the Gastroenterological Association of Thailand (GAT), together with the Thai Association for the Study of the Liver (THASL), the Thai Neurogastroenterology and Motility Society (TNMS), and the Thai Association for Gastrointestinal Endoscopy (TAGE). Gastro 2018 will be held in December 5 to 8, 2018, in Bangkok, Thailand. This is a significant event that brings together professionals from the gastroenterology community to enhance professional knowledge, gain new insights, and exchange expertise.

An outstanding scientific program over 3 and half days of academic excellence varies from state of the art lecture, symposia, interactive sessions, and postgraduate course has been planned. Hotspot sessions are included for attendees to join in the intriguing discussions and debates. Best practices in the different regions will be shared and debated. In addition, the Oral Paper and Poster Competitions planned will be an excellent platform for the latest quality research findings and clinical contributions to be showcased.

We look forward to your support toward an exciting meeting that promises great scientific debate and enjoyable social networking with all distinguished guests and colleagues from around the world in Bangkok at Gastro 2018.
