GSOM SPbU

GSOM SPbU EMC

Certificate of Gratitude

Elena Rogova

As Head of the Programme Committee of the 13th Annual International Scientific "Economy & Management" Conference 2026 (EMC 2026), I wish to express my sincere and personal gratitude for your invaluable work as a member of the Programme Committee.

Your expert evaluation of submitted papers, thoughtful recommendations on track formation, and active participation in shaping the scientific programme were essential to maintaining the high academic standard of EMC 2026. Thanks to your professionalism, scholarly rigour, and dedication, the conference in St. Petersburg brought together a truly strong and diverse selection of research contributions.

I deeply appreciate the time and intellectual effort you devoted to the review process, often under tight deadlines, and your willingness to engage in constructive discussion at every stage of programme development.

It is a privilege to work alongside such committed colleagues, and I look forward to our continued collaboration in future editions of the Conference.

With warm regards
and sincere appreciation,

Head of the Program Committee
Olga Alkanova
